# technology&integration

Teaching and learning is at the heart of technology integration in Mishawaka Schools. Technology should never drive the instructional decision making process, rather it is used in support and enhancement of teaching and learning. This is a (guide, tool, framework, protocol) to support educators in the decision making process.

## Is the use of this technology meaningful?

Consider if the technology aligns with the Mishawaka Way. Think about if it promotes critical thinking, collaboration, communication, and creativity.

**MEANINGFUL**

## Can you sustain use of this technology?

Consider how often you can use the technology, how much preparation is needed to use, and how often you can use the tool.

**SUSTAINABLE**

### THE MISHAWAKA WAY

Customer Experience · High Expectations · Growth Mindset · Collaboration · Communication · Creativity · Critical Thinking · Innovation · Integrity · Building Community

**CUSTOMIZABLE**

## Can you customize this technology?

Consider if you can personalize the technology type of learning to meet the needs of students, type of learning experience, and content.
